MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: US Army Garrison Wiesbaden Command Policy Letter 28, Environmental Management System

1. The USAG Wiesbaden recognizes its environmental responsibility in its entire area of operation. To that end, we strongly promote environmental sustainability in our operations to become a leader in environmental stewardship among US Army installations. In line with this responsibility, as part of our overall garrison environmental program and to comply with the requirements laid out in Executive Order 13423 ("Strengthening Federal Environmental, Energy and Transportation Management") and ISO 14001, I require that all persons working for or on the behalf of this garrison:

a. Ensure all garrison activities are in compliance with applicable environmental policies, laws, regulations and any other requirements to which the garrison subscribes.

b. Employ management systems and procedures to prevent activities and/or conditions that pose a potential threat to human health, safety, and the environment.

c. Constantly monitor the garrison's activities to ensure that they do not adversely affect the environment. To this end, we will annually identify our significant environmental aspects and ensure that these are considered when establishing objectives, targets and our environmental programs.

d. Commit to our continual improvement and to providing for future generations with the full integration of sustainability into our business practices thereby minimizing resource use and preventing pollution to the maximum extent practicable.

e. Strive to fully integrate the EMS into our mission procedures and work practices, to ensure an increased environmental awareness and regulatory compliance as part of the way we perform our daily garrison activities.

f. Cooperate with all host nation agencies to advance our common environmental objectives.

g. Comply with Department of Defense (DOD) EMS implementation policy.

SUBJECT: US Army Garrison Wiesbaden Command Policy Letter, Environmental Management System

2 This policy will be communicated to all units, personnel, contractors and tenants throughout the USAG Wiesbaden. Supervisors will ensure that copies of this policy are posted in directorate shops, work areas and offices as appropriate. In addition, this policy will be available for public review at the Directorate of Public Works (DPW) Environmental Division, Bldg. 1059, Wiesbaden Army Airfield, at the Public Affairs Office (PAO) Bldg. 1205 and on the USAG Wiesbaden EMS website.

3. The contents of this policy will be review annually on the anniversary date of its publication and revalidated accordingly. Policies requiring revision will be submitted for the Commander's approval and signature.

4. The point of contact for this policy is Mr. Alwin Garcia, Environmental Division Chief at DSN 337-5886/CIV 0611-705-5886, e-mail: [alwin.a.garcia@eur.army.mil](mailto:alwin.a.garcia@eur.army.mil).
